

National Archery in the Schools Program

NEWSLETTER

20 SEPTEMBER, 2022 | VOL 1

HELLO NASP® INSTRUCTORS & VOLUNTEERS,

NASP® recently celebrated its 20th anniversary and we are thrilled to also announce that over 20 million students in grades 4-12 have now safely experienced in-school archery.

This amazing number is due to wonderful people like you. All of us at NASP® want to wish you a great fall and a fantastic archery season.

Let us know when we might assist you in any way and thank you for all you do to change lives one arrow at a time!

Tommy Floyd
President

STUDENT T-SHIRT DESIGN CONTEST

We're looking for student designs for the National and Open Championship Tournaments.

- Must be designed by a current NASP® student
- Digital media can include: painting, drawing, digital
- Can incorporate the NASP® logo

Submissions due November 15th

Top 2 designs will be featured on the Nationals or Open Championship T-shirt & the top 2 designers will win a Genesis Bow*

Student Stories

We are looking for stories about kids where NASP® changed their life, one arrow at a time. Here is an opportunity to provide a real example of that very situation.

Here are some examples...

- A student that has overcome a disability to participate
- A student who was somehow off track in school and through participation, became able to greatly improve their standing in all....
- A student found their “voice” and became a champion for the program
- Other example where a school or community developed a notable “known” champion for NASP® and the story would be good for those not familiar with the power of participation in the program – A life changed....

Many people have that one or two local stories of how a student archer really benefited from participation in NASP®.

Please help us gather that positive local story from your area.... Help us tell how “NASP® changes lives one arrow at a time!”

1. Testimonials should be 250-350 words in length
2. Testimonials Should be written by someone familiar with the positive impact and pulling the pieces together to tell the story – Older students may tell their own story
3. Testimonials submitted should include a good hi-res .JPG or similar photo of the featured student – Preferably head and chest image
4. NASP® would like to have included with each submission – a notification from the parent or guardian where we have permission to use the story and picture of the positive impact story on our web site and other NASP® uses.

Please send your submission to stephanie@naspschools.org by November 1.

BE A 2023 STUDENT CONTRIBUTOR

Do you love archery and getting to shoot in school? Have you had experiences and lessons that you believe will benefit other student archers?

We want you to join our student team!

We are currently accepting applications for contributors for the NASP® website and social media platforms for youth archers like yourself.

National Archery in the Schools Program

Dear NASP Instructors,

USA Archery would like to congratulate you and your archers on a tremendous year in the National Archery in the School Program® and invite you to share the following information with your archers and their parents.

USA Archery manages the national Collegiate Archery Program. Over 1,200 collegiate archers participate in the program at approximately 85 colleges and universities across the country, and this is a great time for archers to think about how they will continue to participate in the sport of archery in college.

We want to inform and help prepare archers for collegiate archery, especially those who received scholarship dollars after their outstanding performance at NASP® Nationals this year!

The USA Archery Program Locator assists archers and parents in their search for collegiate programs across the country. The locator also indicates which schools currently offer scholarships for student-athletes. Simply filter by “club type” and select “collegiate.”

If you have an archer that is interested in attending a two-year or four-year college that does not yet have a collegiate team, please contact collegearchery@usarchery.org for more information and next steps on how to start a team at your school of choice.

As a reminder all NASP® archers, who have not previously been a member of USA Archery, are eligible for a one-year FREE promotional membership with USA Archery! To take advantage of this offer, visit www.usarchery.org and select Become a Member. Select “Join Now” to create an account and add your Trial Youth Membership: For Current NASP Participants Only. Learn more about all the benefits that will be associated with your new USA Archery Membership!

Kind Regards,
USA Archery
