

National Archery in the Schools Program

2024 NASP® Student Survey

Dear NASP® Student Archer,

You are one of more than 21 million students that have participated since 2002. We would like to know more about your experiences in NASP®.

We are asking you to participate in a brief online survey regarding your archery experience.

We ask that you take the survey only once. It will take about 5 minutes for most participants to complete these questions.

NASP® will use the results of this survey to improve our program and communicate the results with our partners, sponsors, and potential new NASP® schools. The survey is intended for any NASP® student that has participated in the program.

All individual responses are, and will remain confidential. Your answers to the survey will never be associated with your name or other identifying information.

Thank you for participating in our NASP® survey!

Your answers to this survey are private -- please be honest in your answers. There is no need to include your name or other personal information.

No student is to be required or compelled to participate in this survey for any reason by anyone.

This survey is intended to be anonymous - No personal or specific identification information has been, or will be collected by NASP®.

All state and local school district policies should be consulted regarding any required distribution permission practices (if any) prior to administration of this survey.

This survey will close June 1, 2024!

*** 1. What is your gender?**

- Male
- Female
- I prefer not to answer

* 2. In which state/province is your NASP® school or homeschool located?

* 3. What is your current grade level :

* 4. How many years have you been participating in NASP®?

* 5. Was NASP® your first experience with shooting a bow and arrow?

- Yes
 No
 I'm not sure

* 6. If you answered "No" to Question #5, was your first experience shooting a bow and arrow due to a friend or family member shooting in NASP®?

- Yes
 No, it was some other form of archery

* 7. Has anyone else in your family begun shooting a bow and arrow because you were doing NASP® in school?

- Yes
 No
 I'm Not sure

If you answered yes, how many of your family members began shooting a bow and arrow because you were doing NASP in school?

Please answer the next three questions based on how you feel when shooting archery and your experience as a NASP® archer.
