2021 NASP® Virtual National Tournament Introduction
April 18-May 8, 2021

YOU ARE INVITED!

The 2021 NASP® Virtual National tournament is an event open to all U.S. NASP® student archers to culminate and celebrate their having received NASP® archery lessons. BAI Certified, teachers and coaches are encouraged to register students and teams to take part in what will likely be the largest archery tournament in history.

Scholarships!
For this event, NASP® will award $50,000.00 in random scholarships!!!! At the conclusion of this event, NASP® will randomly select 100 archers that participated. Each of those archers will receive a $500.00 scholarship to be used for post-secondary education.

Registration: For shooting and submitting scores is April 18th – May 8th, 2021.

Registration Fee: $10/archer for the tournament to participate and submit scores.

Once registered:
- Set up or locate a NASP® tournament range of 10- and 15-meter shooting distances, usually in your gymnasium.
- Pick a date for archers to shoot 3 scoring ends of 5 arrows from those distances (15 total arrows). It is ok to shoot 10 meters one day and 15 meters another day and combine scores when reporting.
- Recruit adults to record scores for each end of arrows.
- Everyone then gets together the scheduled day of shooting.
  - Archers shoot their ends for score according to the NASP® format.
  - Adults score the targets.
  - Then the scores are submitted to the NASP tournament page (manually or by using the NASP® Portal App) and each archer in your event has just become part of a National event with other archers from all over the country.
  - Results for all scores submitted will be ranked and listed to the NASP® websites.

Why Virtual? Why “Everyone”? Why Charge a fee? What is the deal with awards and t-shirts?
- Due to COVID19, too many schools are unable to raise funds to travel this year. A virtual tournament allows them to still compete in Nationals and it also provides an opportunity for schools that have never been able to afford to attend.
- Many schools have not had the normal amount of time to practice and prepare for tournaments this year. An “open” gives everyone (including the schools with limited time to prepare) the opportunity to participate.
• NASP® uses the proceeds from our national events to maintain and grow the program. The $10 fee per archer collected helps provide funding grants for new programs, helps provide scholarship funds, and will help provide support to the thousands of schools and millions of students we service.
• Scores will be posted at the conclusion of the tournament after the scores are verified.
• While we hope that every coach and archer will order event t-shirts, we felt that the additional $5 fee per archer may be a barrier to participation. So, the t-shirt was made an option to further reduce the registration fee.
• As you know, we typically only provide awards to the top 5 individual and top 3 teams. In part due to the amount of time it takes to conduct the awards ceremony. Since we are virtual this year, it gives the opportunity for a student who finished 6th, 10th, 25th, 492nd place to order awards and be recognized for their accomplishment.

* To be eligible to compete in the NASP® Championship in Myrtle Beach, June 11, 12, participation in the NASP® Virtual Nationals is required. Participation in the NASP® Virtual Nationals is not required to participate in the NASP® Open in Myrtle Beach, June 10.
